1. Introduction

Golden Thread

Directorate Delivery Plan – Children’s Services

1.1 The Council’s Corporate Plan sets out how the Administration’s Priorities for Cardiff will be achieved, providing clarity on what will be delivered and by when. The plan also satisfies the requirements of the Well-Being of Future Generations Act, by setting Well-being Objectives, the steps we will take to achieve them and how we will measure our progress.

The Council has adopted seven well-being objectives which, by working towards their achievement, will ensure the delivery of Stronger, Fairer, Greener. These are:

- Cardiff is a great place to grow up
- Cardiff is a great place to grow older
- Supporting people out of poverty
- Safe, confident and empowered communities
- A capital city that works for Wales
- One Planet Cardiff
- Modernising and integrating our public services

For each well-being objective, a number of high level “steps” and performance indicators have been identified to measure progress.

Directorates across the Council play a critical role in enabling the Council to achieve its priorities and Directorate Delivery Plans (DDP) which set out actions, milestones and key performance indicators are the key vehicle for this. Directorates are responsible for identifying the well-being objectives and associated steps to which they contribute, and for developing milestones which state the actions they will take. Key performance indicators must also be identified to measure progress, alongside any risks, auditor recommendations which must be managed and responded to. DDPs must be written within the context of good resource management, for example, workforce development and financial management and must include an assessment of progress and challenges to identify appropriate priorities.

The Golden Thread

Stronger, Fairer, Greener: Sets out the political priorities of the Council’s Administration

The Corporate Plan: Sets out how Capital Ambition will be translated into deliverable organisational steps, including milestones and targets.

The Local Well-Being Plan: Sets out on how the Capital Ambition priorities which require collaboration with public service partners will be delivered.

Directorate Delivery Plans (DDP): Sets out the directorate’s contribution towards delivering the Corporate Plan, as well as any other priorities which may include responding to any identified business needs, risks or audit recommendations.

Service Plans: Where appropriate, the Directorate may choose to have service plans to support the DDP.

Personal Objectives: Set to capture individual’s objectives to help achieve the Service and Directorate objectives, which contribute overall to the aims and objectives of the Council.

Well-being Objective: Sets out what the Council wants to achieve.

Steps: What the Council will do, and by when, to help achieve each well-being objective.

Key Performance Indicators (KPIs): Indicators of operational performance that indicate if the steps the Council are taking are effective.

Target: Sets out a numerical value on Key Performance Indicators to be achieved.

11. Workforce Planning & Development

Workforce Planning helps services to identify the capacity and capability it needs within the workforce to effectively deliver services within its available budget.

A mandatory workforce planning process forms part of the corporate planning cycle and must be completed to inform the development of the Directorate Delivery Plan. It is aligned with the Council's business and financial plans to ensure that the Council and services have the right people with the right skills in the right place at the right time and at the right cost.

It is important that SMT have an oversight of the Council's workforce, including areas where Directorates need to take specific actions to address areas of concern or potential challenges - e.g. staff shortages, surpluses, PI targets, competency gaps, succession planning, increasing the diversity of your workforce etc. In addition, it is important to include areas where you are proactively taking action to prevent potential issues.

Therefore, you will need to include this information, and the actions that you will be taking to address the issues, within this Workforce Planning section of your Directorate Delivery Plan.

If you require any assistance, or have any queries, please contact the HR Organisational Development Team who will be able to support you throughout this process.

Detailed guidance on workforce planning is available on the Council's [intranet](#).

Directorate Performance Data: Apprenticeships and Trainees

The Council continues to provide numerous opportunities for Apprentices and Trainees in a range of services. As part of developing the 2023/24 Corporate Plan it has been agreed that Directorates will include target in their Directorate Delivery Plans for new opportunities provided in year. This does not need to be a definitive number and could be a range based on the size and nature of the directorate, which will be monitored on a quarterly basis.

HR will review all targets set by Directorates against the overall target for apprenticeships and trainees as set in the Corporate Plan.

12. Race Equality Task Force Recommendations

In July 2020, Cabinet agreed to establish a Race Equality Taskforce to work with the Council and public sector partners to identify practical opportunities for change that would improve race equality in Cardiff and find new ways to improve outcomes for Ethnic Minority residents. The Taskforce published its final report in March 2022 which made 28 recommendations across the 5 thematic areas.

The recommendations of the Taskforce were [considered by the Cabinet in December 2022](#). Each recommendation relating directly to the Cabinet has been accepted in full and is supported by [clear implementation arrangements](#).

Cabinet also agreed that the Council's response to the Race Equality Task Force Recommendations, and any associated performance measures, would be embedded within the Directorate Delivery Plans. Please include below any Task Force Actions relevant to your directorate.

13. Corporate Safeguarding Requirements

Safeguarding is keeping children and adults at risk safe from abuse- whether it is sexual, physical, emotional, financial or neglect- and other kinds of harm, such as exploitation and radicalisation.

All Directorates are responsible for safeguarding and must therefore ensure that:

- The Corporate Safeguarding Self Evaluations (CSSE) is completed annually for each Directorate. The self-evaluation process and guidance on how to complete it can be found in Appendix 5 of the Corporate Safeguarding Policy Corporate Safeguarding Information (sharepoint.com)
- When it is determined that a specific Services Area must complete the Corporate Safeguarding Self Evaluations (CSSE), a nominated lead must be identified and that the evaluation is completed annually.
- Safeguarding operational procedures are in place and that these support the development of safeguarding practices

Any actions arising from the Directorate (and Service Area) annual Corporate Safeguarding Self Evaluations (CSSE) for this financial year are set out below:
