This reflects the deletion of 3 x vacant posts, and 1 x voluntary redundancy. This proposal relates to the Business and Investment functions with a current staffing budget of £825,000.	150	0	0	150	28	150	0	The three posts planned for deletion have been deleted. However, agency staff are still being utilised by the service, which may impact upon achievability of the full saving.
	E7	Relocate Tourist Information Centre from Old Library Relocate provision of Tourist Information from the Old Library to St David's Hall (SDH) as a satellite to the main Tourist Information Centre (TIC) at Cardiff Castle. Tourist information would be provided by existing staff at SDH, with the saving being achieved through a reduction in agency costs associated with covering the current TIC. Cover has been previously provided through the use of staff at Cardiff Castle with a current staffing budget of £1.343 million.	20	0	0	20	0	20	0	Staff linked to the provision of this service have been relocated to St Davids Hall. The impact on use of agency staff and related savings requires ongoing review as to achievability.
	E8	Cardiff Castle - Bookings Taken On Line St. David's Hall box office to facilitate Cardiff Castle bookings online providing a reduction in cost against the current external arrangements. The current budget for this service is £20,000.	0	20	0	20	0	20	0	Although both SDH and the Castle anticipate venue closures for a significant part of 2020/21 due to COVID-19, the arrangement for online bookings transferred to SDH and has realised savings in external costs.

Volunteers would assist and support staff during peak demand and the summer season. Recruitment is planned from colleges and universities programme to include work experience, trainees or apprentices. Reduced costs during events weekend and Bank Holiday periods. 	E12	Reduction in Staff Costs in the Events Service The Events Service has a core establishment of six staff supporting an average of 40 events, as well as the City Centre. The proposal includes the deletion of a part-time post through voluntary redundancy. In addition, the team has absorbed income-funded work that was previously covered by agency staff. 	E13	Reduced Cleaning in Corporate Buildings The proposed saving would be achieved through a reduction in the frequency of cleaning, and also an increase in productivity where this is practical and possible. The frequency of cleaning hygiene areas will remain unchanged but the frequency of cleaning office, meeting/conference rooms and communal/circulation areas will decrease. Most of these changes will be in the larger Council buildings (e.g. County Hall, City Hall, Willcox House, Cord House, St David's Hall,) where the current cleaning resource is greater. The savings will affect approximately 20 cleaning operatives (equivalent to circa FTEs). A number of voluntary redundancy applications from cleaners working in corporate buildings have been received. The current staffing budget for the Cleaning service is £4.956 million.	50	0	0	50	50	50	0	This saving has been achieved in full.
	E14	Review of staffing resources within Play Services Saving will be found by deleting posts through voluntary redundancy. The current staffing budget for Play Services is £560,000.	40	0	0	40	40	40	0	This saving has been achieved in full.

Education	E16	Reduction in centrally retained Business Continuity Budget Improvements in the management of school buildings and clarity about the split of responsibility between schools and the Local Authority have meant that the centrally retained budget for responsive building repairs to assist business continuity in schools underspent in 2018/19. This proposal would reduce the budget by £150,000 to reflect this. The current net budget for Business Continuity is £272,000.	0	150	0	150	50	150	0	Current forecasts indicate the potential for an underspend against the residual budget and, therefore, this saving is projected to be achieved.
	E17	Further staffing savings in the Education Directorate Management Structure Following a restructure of the Education Directorate this proposal would involve deletion of one management post. The current budget for this post would be removed in full.	100	0	0	100	100	100	0	The budget for this post has been deleted.
	E18	Realignment of ICT Invest to Save Budgets Review of invest to save budgets to reflect current capital financing commitments. 	E19	Rationalisation of School Based Counselling Provision This reflects the savings achieved by bringing the external contract through Action for Children for School Based Counselling Service in-house under the management of the Principal Education Psychologist. An additional amount would be achieved through refinancing of the online service element from WG grant. The current budget in respect of the contribution is £1.319 million.	0	41	0	41	41	41	0	The Council's contribution for the year has been agreed and reflects a reduction sufficient to ensure that this saving is achieved in full.
	E21	Review of staffing resources Saving will be found by deleting a post through voluntary redundancy. The current budget for this post would be removed in full.	45	0	0	45	45	45	0	The relevant post has been deleted and this saving has been achieved.

	E23	Benefit Assessment - efficiencies in processing and digitalisation Saving will be made through the deletion of posts via voluntary redundancy. This is possible due to efficiencies achieved through risk-based verification (reducing assessment time), digitalisation of services including Housing Benefit (HB) and Council Tax Reduction Scheme (CTRS) on-line claim forms, and scan station, reducing input time required by staff. This is in addition to a reduction in caseload of HB claims as Universal Credit roll out continues. The Benefit Assessment service has a current gross staffing budget of £3.215 million.	120	0	0	120	120	120	0	This savings target has been achieved in full following a restructure which saw the deletion of four vacant posts.
	E24	Citizen Advice Bureau (CAB) Contract - Agreed Reduction This saving reflects the fourth year of a five year phased reduction in the cost of the Advice Services Contract. The contractual agreement reduces funding by £30k a year for four years and then by £20k in year five. The current budget for the Advice Services Contract is £350,000.	0	30	0	30	30	30	0	This is the fourth year of a five year phased reduction in contract payments to Citizens Advice and the savings target has been achieved in full.
	E25	Appeal Team Review With the introduction of Universal Credit, fewer appeals against benefit decisions will be made and Tribunal hearings will reduce, enabling the reduction of one vacant post. The current staffing budget for the Complaints and Appeals service is £338,000.	38	0	0	38	38	38	0	This savings target is achieved in full with the deletion of one vacant post.

The current staffing budget for the Complaints and Appeals service is £338,000.	48	0	0	48	0	0	48	Whilst this saving was previously understood to be achievable, it is now evident that it will not be met in-year as the planned restructure is on hold due to COVID-19.

	E31	Third Sector Infrastructure Grant The Council provides a grant to the Cardiff Third Sector Council (C3SC) to deliver through a Service Level Agreement (SLA), a range of support services to the third sector in the city. It is proposed to remove from the SLA, funded activities in relation to a community engagement work-stream, following a review of activities undertaken in recent years which concluded that insourcing these activities through the new Cohesion and Community Engagement Team would enhance efficiency and effectiveness in this area. With the new Local Government Bill proposing that all local authorities produce statutory Public Participation Strategies this will be a continued area of focus for the authority, particularly engaging with disconnected and deprived communities. It is therefore proposed to remove the grant funding (£45,690) for community engagement activities from the SLA in 2020/21, with £25,690 reinvested to support the work of the Cohesion and Community Engagement team, realising a saving of £20,000. Social Services	E34	Support practice in mental health services across adult and children's services in understanding organisational responsibilities in respect of section 117 and children's CHC Current practices for obtaining CHC funding for adults will be expanded in order to seek additional Health funding towards care packages for children. Given the size of children's care packages (£210k for a residential placement) additional CHC contributions in just a small number of cases would be sufficient to achieve the saving. The current income budget for contributions from the Health Service towards the cost of jointly funded packages across Social Services is £3.7 million.	0	100	0	100	0	0	100	Childrens placements have already been reviewed at panel including Education and Health to ensure all additional funding is considered. In Adults, the review of funding contributions is not happening as usual. There may be a chance of savings later in the year.
	E35	Review of existing contracts and practices In addition to major contracts for domiciliary and residential care, the Directorate operates a range of smaller contracts for specific services. These will be reviewed and efficiencies identified. There will also be a review of placement finding and brokerage across adults and children's to develop a single directorate team with the commercial skills, links to social work teams and strong relationships with providers. Across the Directorate, there are budgets of £3.3 million for small contracts for specific services.	0	100	0	100	0	0	100	Commissioning posts are now in place but unlikely to result in significant savings in-year. Processes and governance are currently under review but significant increases in Childrens residential placements have resulted in increasing overspends. In Adults, the review of contracts is concentrated on the recovery of services post-COVID 19 and therefore the saving will not be achieved.

Housing & Communities	INC9	Review of Charging for Equipment Cardiff currently purchases caddies, trolleys and perching stools, the cost of which range from £8 to £25 per item. It is proposed to charge for these items. This model has been implemented in other Welsh Authorities without detriment to the citizen. In addition, if a client feels they are unable to pay this amount they will be referred to Independent Living Service to review their income, in order to establish they are in receipt of all relevant benefits. This is a new income target for the service.	0	0	31	31	0	0	31	Due to the current COVID-19 pandemic, this target is not expected to be achieved in 2020/21.
	INC10	Cardiff Works - Increase Income Generation The council has an in-house agency "Cardiff Works" for administrative staff but uses external agencies for all other agency workers. A project is being established to see if more agency staff can be provided in house and thereby retain the agency fee income. This is at an early stage and may require the establishment of an arms-length company to increase flexibility. A report will be made to Cabinet in quarter one 2020/21 in respect of this element of the saving, with the new model expected to be implemented in quarter three. For 2020/21, £50,000 is anticipated from the new model, with an additional £100,000 from revising the internal charge from 0.2% to 2%. The current income target for the service is £6.073 million.	0	0	150	150	0	100	50	Current service area assumptions are that there will be partial achievement of this savings target.
	INC11	Advice Services - increased external income Grant funding is available to fund staff costs associated with the provision of fuel poverty advice. This relates to the Money Advice Outreach service with a current staffing budget of £168,000.	0	0	20	20	0	20	0	Smart Energy Grant is expected to be received for 2020/21, meaning that this saving should be achieved.

Social Services	INC12	Increase in maximum weekly charge for Domiciliary Care in line with Welsh Government (WG) policy It is proposed that the Council increases its maximum weekly charge from £90 to £100 per week in 2020/21 to mirror WG policy. This will increase the level of income the Council receives in service user contributions. The current income budget for charges for domiciliary care is £3.555 million.	0	0	255	255	50	200	55	Whilst there is a level of decline in Domiciliary Care income, the price increase will be achievable on the element of retained income.

Planning, Transport & Environment	INC13	Energy Management - Lamby Way Solar Farm Scheme Lamby Way Solar Farm will provide a substantial amount of clean, renewable energy to supply the local electricity grid and connected sites, generating an income for the Council, in addition to making a positive contribution to national and local renewable energy generation and carbon reduction targets. The current income target for Lamby Way Solar Farm is £30,000.	0	0	35	35	0	0	35	COVID-19 has caused a delay of approximately four months before further discussions regarding completion can take place. The better solar months will be missed. Net income is unlikely to be sufficient to achieve this target.

Service Change Savings										
Social Services	S1	<p>Strength Based Practice and Commissioning Saving - Children Services</p> <p>Implementation of priorities contained in the children's services strategy to ensure the right range of cost effective services are in place, including development of community support to keep families together, a reunification framework, continued development of in-house fostering, reframing the relationship with IFAs and developing purposeful homes for children closer to Cardiff. Specifically, it is anticipated that the Directorate will successfully recruit an additional 15 internal foster carers (25 currently being assessed) leading to an equivalent reduction in the number of externally commissioned foster placements, producing a net saving of c£300,000. In addition, it is anticipated that, through the implementation of a range of initiatives, there will be reduced reliance on high cost residential placements. It is assumed that there will be a net reduction of 3-4 placements, with an implied saving of c£600,000. The current budget for externally commissioned placements for children is £27.834 million.</p>	0	900	0	900	0	50	850	The new commissioning posts are now in place, however it is unlikely to result in significant savings in-year. Processes and governance are currently under review but significant increases in residential placements during the early part of the year have resulted in increasing overspends. Programmes to allow additional internal fostering placements, rather than commissioned places, have slipped considerably but are now progressing. However, it is unlikely that any significant savings will result during the year.
	S2	<p>Closer to Home Support - Return 5 people in year to lower cost provision from out of county residential care placements</p> <p>Via an ongoing process of review, the aim is to return care users to lower cost forms of provision from out of county residential care placements or to step down individuals from other high cost placements. The proposed saving represents the equivalent of stepping down 5 individuals from a learning disability residential placement (average cost c£87,000 pa) to a medium cost supported living placement (average cost £57,000). There are currently 119 residential/nursing placements in learning disabilities. In terms of capacity, the existing supported living contract contains places for c300 care users with a degree of turnover evident each year. Work is ongoing with Communities to identify further accommodation. The availability of supported living places is constantly monitored and opportunities for step down considered on an ongoing basis. The current budget for care homes for adults with learning disabilities is £10.389 million.</p>	0	150	0	150	0	0	150	Due to COVID-19 it is impracticable to move residents from one form of provision to another and as a result savings will be unachievable.
	S3	<p>Provide more step down to general purpose accommodation for mental health users</p> <p>Via an ongoing process of review, the aim is to step down care users to general purpose accommodation. The proposed saving represents the equivalent of 3 residential mental health placements (average cost £37,000). If stepping down to a domiciliary care supported package (average £25k) then the equivalent of 12 individuals would have to step down to achieve the saving. There are currently 84 residential/nursing placements in mental health. The current budget for care homes for adults with mental health needs is £3.008 million.</p>	0	150	0	150	0	100	50	The facility has been available since the end of July and therefore savings should be achievable during the later part of the year.
	S4	<p>High Cost Case review in Older people and Physical Disability cases</p> <p>The implementation of a strength-based panel in 2019/20 has increased the scrutiny and review of high cost placements. The panel examines opportunities to encourage independence and reduce reliance on traditional forms of care. The proposed saving of £250,000 represents the equivalent of 15,156 hours of care, which represents c1.25% of the total annual number of domiciliary care hours delivered to older people. The ongoing review includes right-sizing and examining opportunities for the use of community equipment where appropriate. The current combined budgets for commissioned domiciliary care, care homes and direct payments for older people and adults with physical disabilities amount to £51.854 million.</p>	0	250	0	250	0	0	250	Focus has been on the response to the pandemic with no possibility for package review. If there is some opportunity later in the year to review high cost packages there could be an element of savings.
	S5	<p>Review packages for joint funding opportunities in Older People and Physical Disability</p> <p>There is an established CHC review process to examine the potential for the joint (Health) funding of packages in learning disabilities. This has realised c£200k in additional Health funding in 2019/20. Recent data from external consultants suggests that further levels of joint health funding should be available in relation to learning disabilities. Learning disability placements are high cost (c£90,000) and where joint funding is agreed, the UHB contribution is typically 50%. To achieve the saving, 6-7 additional packages would need to be approved for CHC. It is intended that CHC processes in relation to older people and physical disability cases are enhanced with additional capacity being identified. The current income budget for contributions from the Health Service towards the cost of jointly funded packages is £3.7 million.</p>	0	275	0	275	0	0	275	Scope to review funding arrangements is not possible at present, however there is potentially some scope much later in the year depending on COVID-19 circumstances.
	S6	<p>Double to single handed care review</p> <p>There is an ongoing review process seeking opportunities to reduce double handed domiciliary care visits to single carer calls. Via OT reviews, savings of c£125,000 have been identified in 2019/20 to date. Use is made of existing community equipment budgets where appropriate. The proposed saving represents approximately 6,050 hours of care, which represents 0.5% of the total care hours delivered to older people in a year. There are currently 300 care users receiving double handed care. The current budget for older people's commissioned domiciliary care is £16.04 million.</p>	0	100	0	100	0	0	100	Assessment and review is difficult in current circumstances, however there may be some scope later in the year as packages on hold come back on line.

Social Services	S7	<p>Community Resource Team</p> <p>The community resource team provides a re-ablement service which in many cases leads to a reduction in the level of care required by vulnerable people, typically after discharge from hospital. It has been identified that c900 care users have not benefitted from reablement. The intention is therefore to increase the number of people reabled, with a recent trial study identifying that there were further opportunities in this area. The proposed saving represents the equivalent of 7,600 hours of care or 0.6% of the total hours delivered to older people in a year. A 50% care reduction to a typical package size would produce a saving of c£12,000 per individual. The current budget for older people's commissioned domiciliary care is £16.04 million.</p>	0	125	0	125	0	0	125	The saving was around reabling people, especially on discharge from hospital, ultimately resulting in lower commissioned packages of Domiciliary Care. However, routine hospital discharge has slowed down during the early part of this year, therefore hindering the ability to deliver savings. Possible scope for some savings later in the year.
	S8	<p>Implement Review of Reablement</p> <p>A significant element of the growth in the number of care hours delivered (and hence costs) relates to incremental increase in existing care packages. The strength based group is undertaking an ongoing and more stringent review of requests for increases to packages suggesting, alternatives where appropriate. The proposed saving represents the equivalent of 7600 hours of care or 0.6% of the total hours delivered. The current budget for older people's commissioned domiciliary care is £16.04 million.</p>	0	125	0	125	0	0	125	Planned savings was a process of challenge on the level of domiciliary care packages provided. There has been a drop off in the number of domiciliary care hours due to COVID-19. However, extra budgetary pressures have also been incurred providing support to the domiciliary care providers.
	S9	<p>Use of technology in the provision of care and support packages.</p> <p>Explore opportunities for the use of technology in the provision of care and support packages. Some technological applications, such as telecare, are already being utilised to support care provision. Further opportunities are being explored with a focus on preventative services that could reduce the reliance on commissioned care, the aim being to mainstream the use of technology in care provision. The current combined budgets for commissioned domiciliary care, care homes and direct payments for older people and adults with physical disabilities amount to £51.854 million.</p>	0	100	0	100	0	0	100	There has been a lack of capacity to progress in the current circumstances.
