Overview of the Proposal

What action is the Council considering and why?

Please provide a detailed outline of the proposal. This information will support your findings in the impact assessments.

The update report outlines the result of the Shared Prosperity Fund Open Call, and this constitutes the substantive impact of the report. The Open Call provided over £5 million of funding for organisations in Cardiff to deliver schemes that aligned with city wide partnership priorities, including the Local Wellbeing Plan and Stronger, Fairer, Greener, as well as the outcomes, outputs and interventions of the Shared Prosperity Fund. In total circa 40 projects across the city have been supported, covering a wide range of projects, some of which target specific demographics in the city, such as:

- Projects supporting disadvantaged communities;
- Younger people who have difficulty in accessing the labour market;
- Support for minority ethnic communities;
- Services for refugees;
- Schemes to support women's safety; and
- Support for people with disabilities.

In addition the report also provides funding allocation for further capital projects and some revenue funding. Any schemes taken forward using this funding would require a further Equality Impact Assessment.

What are the costs and/or savings?

What will the proposal cost and how will it be funded?

How might costs be reduced through involvement and collaboration, across Cardiff Council and/or with external stakeholders?

Are there savings and how will these be realised?

The costs are covered by the Shared Prosperity Fund. The projects supported have all been assessed against partnership priorities in the city and the expectation is that all projects will work with appropriate partners to maximise the overall impact of their projects.

2. Impact Assessments

Which impact assessments do you need to complete to support your proposal?

Further information is included about each assessment at the start of the relevant section.

The screening tool is an online form with mainly multiple-choice questions which should take less than 10 minutes to complete.

Once the answers have been submitted, an automated email will be sent to you with the recommended next steps and details of who to contact for expert advice.
